

Ahmad Rizal

Yogyakarta, ID • ahmaddrizalul@gmail.com • <https://zal-portfolio.vercel.app>

An AKPRIND University undergraduate student with hands-on experience in building software using **Next.js** and **Laravel**, complemented by experience in **UI/UX design and graphic design**. I have a strong interest in software engineering, particularly in developing scalable, well-structured, and user-centered web applications. Driven by a passion for continuous learning, adaptability, and collaboration, I am eager to contribute to real-world projects while growing as a professional software engineer and designer.

Experience

Lab Assistant

AKPRIND University Indonesia, Yogyakarta, ID

September 2024–December 2025

- Teaching **Programming Algorithm Practicum** Course for Students majoring in Informatics Semester 1 using Raptor (for flowcharts) and C++.
